

NaviPlan[®] 18.3.2.0 release

February 2019

To ensure the highest degree of accuracy for your clients' plans, NaviPlan has been updated to the latest federal and provincial tax calculations.

Details

Federal and provincial tax updates

NaviPlan's federal and provincial tax calculations have been updated to provide the most accurate analysis. Some of the key changes include:

Federal

- Federal tax bracket updates
- Federal non-refundable credits
- Federal average tax rates
- Federal benefit premiums
 - CPP/OAS
- Contribution limit updates
- Federal dividend tax credits
- Federal Credits
 - CCB - Canada child benefit
 - Donation credit
- Updates to calculators (inflation, historical returns, etc)

Provincial

- Provincial tax bracket updates
- Provincial non-refundable credits
- Provincial average tax rates
- Provincial dividend tax credits

Tip: For more detailed information on these changes, see the [2019 CDN General Tax Update](#) document
